UI Plan

Three elements that will be interactive:

1. Dropdown menu for the navigation on the desktop version
2. Read More element on the home page when giving a description of VSTN
3. Popup ad to announce they are in desperate need of volunteers

How the user will interact and results:

- Dropdown: When the user clicks on an item in the navigation, a dropdown menu will appear. They can choose an option, or click the navigation item again to have it close.
- Read More element: The user will click on it to read more on certain sections on the home page. The user can click again to hide the extra text again.

API element:

- Will use <https://restcountries.eu/> to translate the United States at the bottom of the index page
